

Market Surveillance Campaign 2025

Wastewater Treatment systems within the scope of EN 12566 series (1,3,4,6&7) must be CE Marked, since 1 July 2013.

If you are an Economic Operator:

E.g.

- Manufacturer
- Authorised Representative;
- Importer;
- Distributor;
- Fulfilment Service Provider

of wastewater treatment units including septic tanks, treatment units and tertiary units you should be aware of your obligations regarding CE Marking.

Regulation (EU) [No 305/2011](#) “The Construction Products Regulation” (CPR) lays down harmonised rules for the marketing of construction products in the European Union. The National Building Control & Market Surveillance Office (NBCMSO) is the approved office for the market surveillance of construction products in Ireland. Over the coming weeks, the NBCMSO, in collaboration with the 31 Local Market Surveillance Authorities will be carrying out unannounced inspections of economic operators to ensure formal and technical compliance for products for small wastewater treatment systems for up to 50 PT including septic tanks, treatment units and tertiary treatment units within the scope of EN 12566 parts 1, 3, 4, 6 and 7. The objective of the Market Surveillance Authority is to ensure that only products compliant with the Construction Products Regulation (EU) No 305/2011, are placed on the market. Upon inspection, the NBCMSO / Local Market Surveillance Authority may check that the economic operator have applied the CE Marking criteria correctly, that all the required documentation is in place (see overleaf) and may recover a sample of products for testing. Economic operators obstructing, impeding or providing false information to Authorised Officers may be committing an offense under the Construction Products Regulation. The Market Surveillance Campaign 2025 is co-ordinated by the National Building Control & Market Surveillance Office.

What happens if I receive a visit from the Market Surveillance Authority?

1. GENERAL

If you receive a visit, from an Authorised Officer, in exercise of the powers conferred on the Authorised Officer by Regulation 12(3) of the European Union (Construction Products) Regulations 2013, the information outlined in Table 1 below can be requested for inspection, having regard to the responsibility you have under the Construction Products Regulation (EU) No 305/2011.

Information sought (but not limited to) relevant to the responsibility of each Economic Operator.

2. TIMELINE FOR COMPLIANCE

The information sought should be readily available onsite. CE Marking of construction products is mandatory across the EU since 1 July 2013.

No.	Description	Manufacturer	Importer	Distributor/ Retailer
1.	A copy / photograph of the CE mark.	Y	Y	Y
2.	A Valid Declaration of Performance (DoP).	Y	Y	Y
3.	The technical documentation to support that the product complies with the requirements of EN 12566 Part 1, Part 3 or Part 6	Y	Y	Y
4.	The test reports and details of the notified testing laboratory in re-	Y	-	-
5.	Details of the Factory Production Control (FPC) in place by the manufacturer	Y	-	-
6.	The instructions and safety information in use	Y	Y	Y
7.	The means by which EN 12566 Part 1, Part 3, Part 4, Part 6 or Part 7 products placed, or made available, on the market can be identified and traced throughout the supply chain	Y	Y	Y

3. TAKE NOTICE

In the event that the required documentation is not available at time of inspection or on request for information, you may make representations in writing to the Market Surveillance Authority within 14 days. The Market Surveillance Authority may, having considered any such representations, amend the terms of this request for information or confirm or revoke the request for information.

4. TAKE FURTHER NOTICE

If you, the Economic Operator: -

- do not comply with the terms of a request for information within the aforementioned period or
- the documentation submitted/ made available on the date of visit, is not in compliance with the Construction Products Regulation,

the Market Surveillance Authority may take such steps as it considers reasonable and necessary to secure compliance with the request for information under the Construction Products Regulation, up to and including prosecution through the Courts .

5. WARNING

A person guilty of an offence under the European Union (Construction Products) Regulations 2013 is liable: -

- on summary conviction to a fine up to €5,000 or to a term of imprisonment up to 3 months or to both; or
- on conviction on indictment to a fine up to €500,000 or to a term of imprisonment up to 12 months or both.
