

Market Surveillance Campaign 2026

Windows and doors within the scope of [EN 14351-1:2006+A2:2016](#) must be CE Marked, since 1 July 2013

If you are an Economic Operator:

E.g.

- Manufacturer;
- Importer; or
- Distributor
- Fulfilment service provider
- Or any other natural legal person who is subject to obligations in relation to the manufacture of products, making them available on the market or putting them into service in accordance with the relevant Union harmonisation legislation of Windows and Door products.

You should be aware of your obligations under the CPR for CE Marking when placing products on the market.

"[Regulation \(EU\) 2024/3110](#) (the Construction Products Regulation) is European Union (EU) legislation that lays down rules for the marketing of construction products in the EU."

The National Building Control and Market Surveillance Office (NBCMSO) along with 31 Local Market Surveillance Authorities monitors and enforces the statutory requirements set out under the European Union (Construction Products) Regulations 2025 and Regulation [\(EU\) 2024/3110](#) in accordance with Regulation [\(EU\) 2019/1020](#) on a nationwide basis. These Market Surveillance Authorities will be carrying out announced and unannounced inspections of economic operators (manufacturers, importers, distributors, authorised representatives and fulfilment service providers) to ensure technical and formal compliance for window and door products, including those within the scope of [EN 14351](#). The objective of the Market Surveillance Office is to ensure that only products compliant with the Construction Products Regulation [\(EU\) 2024/3110](#), are placed on the market. If you receive a visit from a Market Surveillance Authority they may check that you have applied the CE Marking criteria correctly, that you have all the required documentation in place (see overleaf) and they may also take a sample away for testing. Anyone obstructing, impeding or providing false information to the Authorised Officer may be committing an offence under the Construction Product Regulations."

The Market Surveillance Campaign 2026 is co-ordinated by the

National Building Control & Market Surveillance Office.
